## CALL FOR PAPERS

MAFIS is an annual academic conference organized by Maqasid Institute, Research Synergy Foundation, and ISTAC-IIUM. MAFIS 2026 focuses on moving from theoretical discourse to operational research methodologies. We seek to address the gap in developing and demonstrating research methods—including problem formulation, design, data interpretation, and validity criteria—that are explicitly shaped by Tawhidic principles and the higher purposes of Revelation.

### FRAMEWORKS:

- **Tawhidic epistemology as a foundation** for research design.
- **Operationalising Maqasid al-Wahy** for human and natural sciences.
- **Tools for integrated epistemology:** linking values, methods, and interpretation.

- **Interdisciplinary and transdisciplinary research models** guided by **Maqasid Al-Wahy**.
